

REPUBLICANS BUSY IN FALL CAMPAIGN

Committees From Boroughs
Will Shortly Hold Con-
ferences.

The preliminary moves for the Republicans' fall campaign are getting under way. Samuel S. Koenig, president of the New York County Republican Committee, has been empowered to name a committee of fifteen to confer with similar representatives of the four other borough organizations and any other group of anti-Tammany citizens. At least five of the committee, which will be announced this week, will be women. A similar committee, named by the Kings county organization, consists of Jacob A. Livingston, county leader; United States Senator William M. Calder, Alexander M. White, Marcus B. Campbell, Jacob A. Brenner, P. J. H. Kracke, Mrs. May Gooderson, Mrs. B. V. Stevenson, Lewis M. Swasey and Mrs. Mabel Appleby. Queens county has selected a committee and The Bronx and Richmond will follow suit shortly.

Members of the Coalition Committee of Joseph M. Price have met in The Bronx and Richmond to pick their representatives on the City Committee. The Manhattan, Queens and Brooklyn members of the Price organization will take this action within a few days. The City Committee will be composed of sixty-seven members, one for each aldermanic district. Republican borough leaders so far have shown a disposition to fight shy of a "show down" among themselves. They have been postponing revealing their ideas in a "get-together" meeting. For some time they have been maneuvering for personal advantage to themselves and their own organization. Jacob A. Livingston controls a majority of the Assembly districts in Kings, but Senator Calder, who is bitterly opposed to him, has a considerable following. Neither would want a man for Mayor who in the slightest degree might be influenced by the other, but each is anxious to put over his own man. It is said Mr. Livingston has already lined up Queens, The Bronx and Richmond in an agreement to "play together." In self-defense, Sam Koenig, the Manhattan leader, has entered into what is said to amount to an informal alliance with Senator Calder. If these lines of opposition continue the chance of getting together amicably on a ticket seems remote. But powerful influences are at work to make it clear that the ultimate good of the Republican organization in the city depends on each leader sinking his own interests for the general good. Friends of Darwin R. James of Brooklyn, are urging him to become a candidate for the Republican nomination for Mayor this fall. Mr. James so far has taken the attitude he cannot afford to leave his business. He is president of the American Chicle Company.

America's Smartest Car Makes America's Fastest Mile

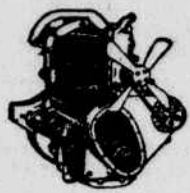

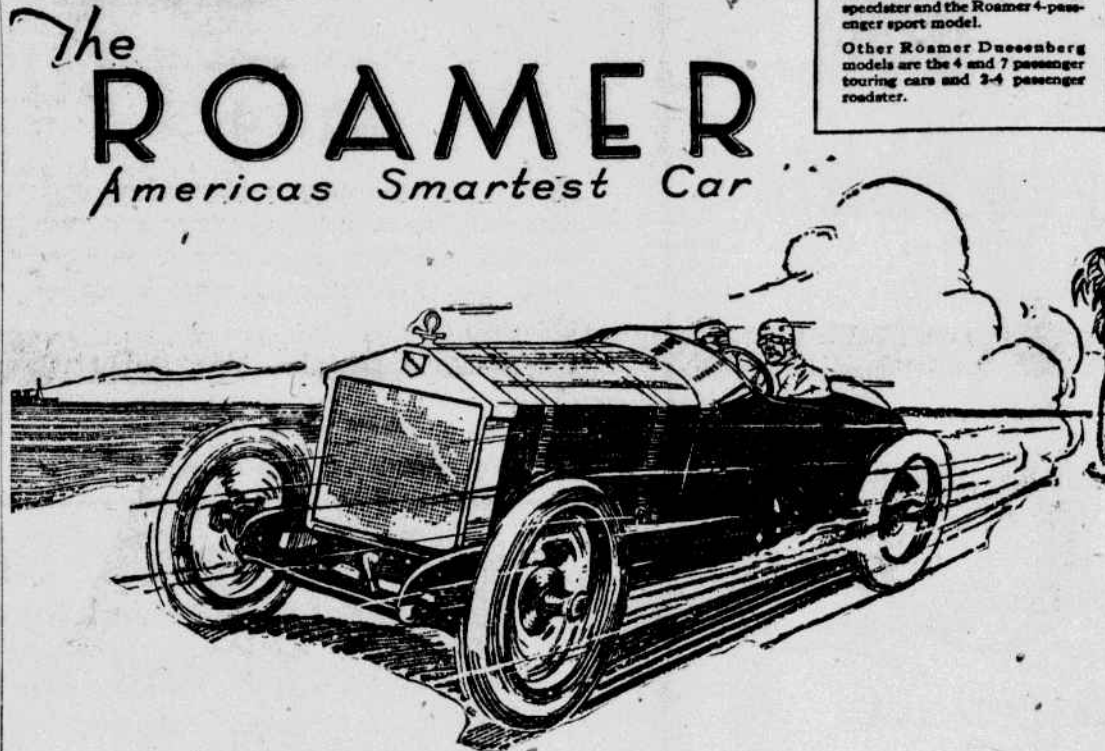

The Roamer Stock Chassis which established six world's records on Daytona Beach, Florida, demonstrated beyond dispute Roamer's supremacy as America's fastest car

New stock chassis records for a kilometer, one, two, three, four and five miles—six records altogether, created in half as many minutes—demonstrated Roamer's ability to meet the most severe demands that can be made on a motor car.

Ask your dealer for a demonstration of a Roamer with Duesenberg motor now. Note its flexibility in traffic and its speed on the open road. Don't be satisfied with anything less than Roamer offers.

BARLEY MOTOR CAR COMPANY, Kalamazoo, Mich.

ROAMER SALES CO., INC.,
1800 Broadway, New York Tel. Circle 5262

The Rochester-Duesenberg Motor

THIS is the motor that made the records. The only four-cylinder motor which has ever established a world's stock chassis record. This identical type of motor can be had in the Roamer speedster and the Roamer 4-passenger sport model.

Other Roamer Duesenberg models are the 4 and 7 passenger touring cars and 2-4 passenger roadster.

AFTER THE PURCHASE PRICE—DEPENDABILITY

Dodge Brothers have never lost sight of the fact that dependability must be included in the purchase price of their car.

Because of its dependability, the United States Government, officially selected this car without solicitation, for the strenuous service which the battlefields of France demanded.

Dodge Brothers will continue to build their car so well, that it will always be dependable and the purchase price will be as nearly as possible the last expenditure.
